

REGISTRATION FOR THE PHOTOGRAPHY COMPETITION

Please return the completed registration form with your entry.

FIFPAN requires a high-resolution digital image for the selection stage. Registration for the photography competition is free for this first edition. Registration does not guarantee acceptance of photographs, only that they will be viewed at the selection stage. If your photo(s) are selected, they will be judged by a jury from the world of professional photography and will be added to the library managed by the WNA association, the FIFPAN's organizer. The selected pictures will be printed in large format to be exhibited for FIFPAN during this calendar year.

For this first edition in 2019, there will be awards in three categories:

- Best professional reportage
- Best professional wildlife and nature photograph
- Best amateur wildlife and nature photograph.

For the selection stage, **the photographer must send us** their photograph or photographic reportage (between 5 and 8 pictures maximum) in high definition JPEG format, sRGB colour space.

In the event of selection, the file(s) should be sent without margins or inscriptions, as high definition 300 DPI TIF files in SRGB colour space with at least 8 million pixels; cropping is authorized. A profile picture and short biography is also required.

Send us your registration with your HD photo:

- by email or by Wetransfer or a similar service to:
contestphoto@fifpan.org
- Or by post to:
WNA - FIFPAN - 29 rue du vieux verger – 40 200 Mimizan – France
- If you use DHL, FedEx or some other postal service, please send us a copy of the dispatch note or the tracking number.
